

NATUREweb

NATUREweb meets the demands of today's web printing processes without compromising ink coverage, ink gloss or brightness.

Recycled paper products can have a considerable impact on a company's environmental performance. The 10% to 30% PCW NatureWeb® grades have the same specifications as our Sonoma® brand #3 sheet—allowing you the option to choose a recycled paper without sacrificing quality.

60# - 100# gloss are standard grades. All other grades are subject to production minimums and trim. Please contact your sales representative for details.

Specifications are based on testing and measurement that we believe to be reliable and are intended for information purposes and do not constitute a warranty. Purchasers should independently verify suitability for specific product use. Caliper figures are an approximate single sheet measurement and may not be appropriate for lineal footage calculations.
